

HEMP TESTING

With the state of Arizona adopting the 2018 Farm Bill status for hemp, Chandler Analytical Laboratories is now excited to offer analyses on hemp and hemp products! We look forward to providing you with the same accuracy and rapid turn-around-time that have been our standard in the agricultural industry. Our reliable cannabinoid testing has been verified by a third-party certifying laboratory. We provide results on most tests within 2 business days. Discounts available for large quantities of samples submitted; call us for more details!
